Tyco® ESFR Rapid Install Sprinkler (RIS)

Introducing...Tyco® Rapid Install Sprinkler (RIS)

This new sprinkler is revolutionizing fire protection for warehouse and high-piled storage. An early-suppression fast response sprinkler is now available in two model options with custom welded outlet fittings: ESFR-25 and ESFR-22.

cULus Listed, FM Approved and backed by the industry leader, the ESFR Rapid Install Sprinkler (RIS) uses proprietary Tyco Rapid Seal technology to form a robust seal with simple tool-free hand tightening. The custom welded outlet fitting allows for ease of installation – leaving tools, tape and overtorquing behind.

Features and benefits

- No tools - reduce time working overhead
- No overtorquing
- Robust seal using Rapid Seal technology
- Two model options available with custom welded outlet fitting
- Welded outlet nose cone fixture for fabrication
- cULus Listed, FM Approved

Pre-Installed Gasket

A pre-installed rubber gasket housed within the sprinkler, features Tyco Rapid Seal technology to form a robust seal and eliminates the need for sealant.

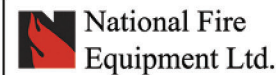

Simple Installation

This sprinkler includes a welded outlet fitting enabling you to install sprinklers faster than ever – leaving tools, tape and overtorquing behind.

Tool-Free Hand Tightening

Rapid Install sprinklers can be installed with simple tool-free hand tightening, requiring less time working overhead.
