

2023 transition of Hardwired with 10YR Sealed Lithium Battery Talking Combination Alarm

Kidde will be transitioning:

From Part Number i12010S-CO-CA to
NEW Part number 21027905 / Model P4010ACSCO-CA

Worry-Free 120V AC Hard Wired Talking Combination Alarm with Sealed 10-Year Battery Kidde Part Number i12010S-CO-CA

Ionization Technology – may detect invisible fire particles (associated with flaming fires) sooner than photoelectric alarms.

120V Interconnecting – Will interconnect with up to 24 other devices (18 of which can be initiating), including smoke alarms (limit of 12), CO and heat alarms.

10-Year Sealed Lithium Battery Backup – Eliminates the need to replace the battery. No battery to replace for the life of the alarm (10 years). Battery backup automatically activates when the alarm is attached to mounting bracket.

Voice Warning – Announces the hazard type detected (in both English and French). Alarm announces “Fire! Fire!” when a smoke or fire hazard is detected and announces “Warning! Carbon Monoxide!” when a CO hazard is detected or “Low Battery!”

End of Life Notification – Ten (10) years after unit is first powered, this alarm will chirp twice every 30 seconds to indicate it is time to replace the alarm.

Part number : i12010S-CO-CA
Model: i12010SOCA
Case pack : 6

Worry-Free 120 V AC Hard wired Talking Combination Alarm with Sealed 10-Year Battery **NEW Kidde Part Number 21027905**

Photoelectric Technology– Smoke alarm contains advanced photoelectric sensor that may detect visible particles (associated with smoldering fires) sooner than ionization alarms

120V Interconnecting – Will interconnect with up to 24 other devices (18 of which can be initiating), including smoke alarms (limit of 12), CO and heat alarms.

10-Year Sealed Lithium Battery Backup – Eliminates the need to replace the battery. No battery to replace for the life of the alarm (10 years). Battery backup automatically activates when the alarm is attached to mounting bracket.

Voice Warning – Announces the hazard type detected (in both English and French). Alarm announces “Fire! Fire!” when a smoke or fire hazard is detected and announces “Warning! Carbon Monoxide!” when a CO hazard is detected or “Low Battery!”

End of Life Notification – Ten (10) years after unit is first powered, this alarm will chirp twice every 30 seconds to indicate it is time to replace the alarm.
